Subject: Relocation of Concrete Slab– Revision Approval  
AAA Hauling, Transfer, Recycle, Resource Recovery and Processing Facility, Permit No. 2613  
Cumberland County, DIN 16243

Dear Hardin:

On February 22, 2012 the Division of Waste Management (Division) received AAA Hauling's email entitled;

- *Relocation of Pad.* Including sketch. Prepared by AAA Hauling. February 2012. DIN 16166.

The email requests revision of that portion of the approved Plan that deals with the location of the concrete pad. The Division has reviewed the request and agrees that the relocation of the pad will benefit the Facility and hereby approves the immediate implementation of the revision at AAA Hauling, Transfer, Recycle, Resource Recovery and Processing Facility, Permit No. 2613. The Facility should operate in this manner until the current permit is either amended or modified. Therefore, the next time the Facility prepares either a Permit amendment or modification it is expected to submit an Operations Plan which includes revised site drawings.

Sincerely,

Larry Frost
